## **Product Information Precision Cut Tees**

### **Product Description**

Ideal Products is able to custom fabricate Precision Cut Tees on our in-house CNC Cutting Equipment. This pre-fabrication saves time, labour and waste material by eliminating the need for on site fabrication.

Ideal's Precision Cut Tees are manufactured as two piece custom fabricated sections, and are available in sizes #1 - #32.

Alloy: Aluminum and Stainless Steel

Thicknesses: Aluminum - .016", .020", .024", .032"  
Stainless Steel - .010", .016"

Barriers: Polysurlyn, Painted, Bare
