

# WeatherJacs® • Aerogel

Innovative Solution • Designed Specifically for Aerogel Insulation

Guaranteed fit on Aerogel Insulation Systems • Only product available

Faster and easier to install

## Impact on Cost • Increase Your Productivity

- Installs 3 to 4 times faster than gores
- Installs 2 to 3 times faster than trying to retrofit a numbered pressed elbow
- Only pressed aluminum elbow available for Aerogel Insulation Systems
- The only product available that is designed specifically for Aerogel Insulation
- Overall a better insulation system for your customer
- Aluminum available in both Smooth and Embossed
- Patented WeatherSeal™ System • A better insulation system
- Available in sizes from 1" through 30" IPS, and thickness from 6mm to 72mm

## Consider.

Are Your Fabrication Costs  
Continually Rising?

Is your Productivity  
Variable?

Is Safety Important to you,  
your Customers,  
and your Employees?

Consider using  
WeatherJacs® Pressed  
Aerogel Elbows and see the  
difference they can make.

## Safety Impact • Helping you become a Safer Employer

- Designed for the purpose (Aerogel Insulation) no hazardous retrofitting
- Factory deburred edges for safer handling
- 75% less edges than gores • Further reducing risk
- Reduced exposure to hazardous equipment and sharp edges

**Safer. Smarter. Faster.**
