

WEATHERJACS® BEVELS

INSTALLATION

REQUIRED TOOLS:

GLOVES

SAFETY GLASSES

SIZING CHART

TIN SNIPS

SCREWS / BANDING

SEALANT

1

Identify pipe size and insulation thickness.

2

Identify proper size using sizing chart provided by supplier or www.idealproducts.ca

3

Identify cut down size inside fitting.

4

Cut along guidelines with snips.

5

Place on insulation with seam side down in water shed fashion.

6

Fasten with screw(s) and/or bands. Finish with owner approved sealant.
