

ThermalJacs547® • Complete™

INSULATION

Next Generation Commercial/Industrial Precision Fabricated Pipe Insulation complete with cladding for an all-in-one, easily applied system.

- Significantly reduces labor costs
- Lower freight expenses
- Insulation and cladding already applied at the factory
- Manufactured in accordance to ASTM C585 & C547 standards

Impact on Profit • Increasing your Productivity

- Complete all-in-one system to drastically lower your labor costs
- Insulation and cladding already applied at the factory for faster application
- Completely sealed system delivers productivity and profitability significantly reducing CUI (corrosion under insulation) risks
- Faster lead times
- Effectively increase energy savings
- Packaging that significantly reduces freight costs
- Easy to handle and clean up
- No specialized tools required for an easy install

Consider.

Is Labor a big Cost Component?

Is Safety Important to You, Your Customers, and Your Employees?

Is CUI an issue?

Consider using ThermalJacs547® Complete™ for a complete one-step, superior insulation system

Impact on Safety • Helping you Become a Safer Employer

- No special tools required • Reducing exposure to dangerous equipment
- Clean handling properties • Reducing to exposure to skin and respiratory irritation
- Environmentally friendly • Extremely low waste
- 100% completely sealed system eliminating corrosion under insulation risks

Safer. Smarter. Faster.
